

James Clark School InspireWorks Enrichment Tuesdays After School

Important Information

- Register Early! Classes are filled on a first-come, first-serve basis and space is limited.
- Please visit our website www.inspireworksenrichment.com to register online. A confirmation email will be sent upon acceptance into a program with more information.
- Due to the approval of partial funding by Mr. Lemanski the Program Fee has been discounted for all students. Program Fees include all materials necessary for the course.

Program Dates and Times

- Program will meet for 5 weeks on the following dates: **10/24; 10/31; 11/14; 11/21; 11/28**
- Classes will meet immediately after school in the gym. The class instructor will take students to their classroom.
- Dismissal from InspireWorks will be at 4:30 PM.
- It is important that you are prompt picking up your child as our instructors may have another school to teach at. A fee of \$10/15 minutes/child may be assessed for late pickup.

Class Descriptions

Science Secrets 1

Explore the mysteries of science! In this class you will perform new experiments every week. Learn how to think like a scientist while you explode edible “volcanoes”, launch rockets, watch a dry-ice demonstration and much more!

Open to grades K-2 Program Fee: \$60

Art Around the World (NEW CLASS!)

Have you ever wanted to travel? In this class you can get your artistic passport stamped as you explore a new country each week. Create art inspired by different cultures and countries like Japanese Origami, Egyptian Hieroglyphics and much more.

Open to grades 3-4

Program Fee: \$60

Intro to Lacrosse

This introductory lacrosse class is for beginning and first year players. We will focus on the fundamentals of the game with primary emphasis on stick skills (throwing, catching, and scooping). Offensive and defensive skills (shooting, dodging, etc.) are incorporated into each session. Recreational sticks and balls provided, mouth guards recommended.

Open to grades K-2 Program Fee: \$45

Rockin' Robotics

Do you know what Baymax, Wall-E and R2-D2 have in common? They can all sense, think and act, which make them robots! Come learn more about robot construction as you snap together 'Cubelet' blocks to design and create an endless variety of tiny robots. What will you make? No experience needed.

Open to grades 3-4

Program Fee: \$60

Register Today!
Classes fill fast and the registration deadline is Tuesday October 10th
