

Sapelli School  
InspireWorks Enrichment  
Mondays After School

### Important Information

- Register Early! Classes are filled on a first-come, first-serve basis and space is limited.
- Please visit our website [www.inspireworksenrichment.com](http://www.inspireworksenrichment.com) to register online. A confirmation email will be sent upon acceptance into a program with more information.
- Program Fees include all materials necessary for the course.

### Program Dates and Times

- Program will meet for 4 weeks on the following dates: **4/22; 4/29; 5/6; 5/13**
- Classes will meet immediately after school in the cafeteria. The class instructor will take students to their classroom.
- Dismissal from InspireWorks will be at 4:30 PM.
- It is important that you are prompt picking up your child as our instructors may have another school to teach at. A fee of \$10/15 minutes/child may be assessed for late pickup.

### Class Descriptions

#### FAN-tastic Floor Hockey

Join your friends for some good old fashioned floor hockey fun! Players will learn puck handling, shooting and defense in drills and fun games then will apply those skills in scrimmages. This program is open to students of all skill levels. Recreational equipment provided, mouth guards recommended.

**Open to grades K-2**

**Program Fee: \$60**

#### Science Secrets 2

Calling all scientists! Have you ever wanted to create swirling vortex rings of smoke, dissect an owl pellet, or learn how to make a light bulb out of a pickle? All secrets will be revealed in this action packed class! Science Secrets 1 not required.

**Open to grades 3-4**

**Program Fee: \$72**

#### Rockin' Robotics

Do you know what Baymax, Wall-E and R2-D2 have in common? They can all sense, think and act, which make them robots! Come learn more about robot construction as you snap together 'Cubelet' blocks to design and create an endless variety of tiny robots. What will you make? No experience needed.

**Open to grades K-2**

**Program Fee: \$72**

#### Simply Sculpting

Explore the exciting world of 3-D sculpture! This class will teach you how to talk about art, different techniques and styles. Create masterpieces each week using a wide variety of mediums such as clay, soap, and tape.

**Open to grades 3-4**

**Program Fee: \$72**

**Register Today!**
